

Areas, dwellings, schools and hospitals exposed to noise, on daily average (2017)

Highly exposed with noise levels above 65 dB(A)

Road traffic including buses	
Areas exposed to noise, in km ²	90
Dwellings exposed to noise	141,700
Schools exposed to noise	56
Hospitals exposed to noise	18
Trams and U-Bahn	
Areas exposed to noise, in km ²	7
Dwellings exposed to noise	9,500
Schools exposed to noise	2
Hospitals exposed to noise	1
Rail traffic including S-Bahn	
Areas exposed to noise, in km ²	41
Dwellings exposed to noise	8,357
Schools exposed to noise	11
Hospitals exposed to noise	0
Air traffic	
Areas exposed to noise, in km ²	11
Dwellings exposed to noise	13,300
Schools exposed to noise	4
Hospitals exposed to noise	1
Trade & industry	
Areas exposed to noise, in km ²	1
Dwellings exposed to noise	100
Schools exposed to noise	0
Hospitals exposed to noise	0
